To whom it may concern,

I write this letter of recommendation for Computer Integrated Services, in particular Todd Hershman and his team of valuable resources.

We have been working with Todd and CIS over the past 10 years on many projects and efforts including but not limited to IDM and Office 365. I consider CIS a valuable vendor and in many instance a valuable partner.

Todd is always very attentive, flexible and easy to work with. He never fails to follow up both pre and post project, offering suggestions and alternatives along the way.

I look forward to working with Todd in the future.

Thanks  
TJ
