To CIS Team

Dear Team,

I would like to commend the CIS staff on a job well done. We at SaraMax were the first group to upgrade to ST Connect and St Communicator. We like to be at the fore front of systems technology in both hardware and software. We were a bit concerned as that we were sort of a Beta test. But the conversion went very well. There was no working hours down time. It was completed over the weekend and by Monday we were up and running. Amazingly I didn't get any calls from any users. You can understand how important that is in the systems world.

Your company's work has been reliable and consistent in the five or so years we have engaged your services. It is a pleasure working with a company that does what they say they are going to do in a timely fashion.

Sincerely,

Isaac Schmool
SR. VP Systems and Operations
SaraMax Apparel Group
