Dear Patrick,

On behalf of Versace USA, I am writing to thank you and the Computer Integrated Service for your exemplary support and utility over the last 10 years.

Your team has exceeded our expectations and not only performed many implementation projects with success, but has consistently provided efficient support. From the beginning, your team has been able to grasp our objectives and priorities quickly and suggest proper design, configuration, and process accordingly.

The quality of your work has been recognized and appreciated by all Versace, especially the Information Technology staff. We at Versace USA would not hesitate to strongly recommend your services again and again.

I would like to reiterate my appreciation for your excellent service. I expect to continue this partnership well into the future.

Sincerely,
